Dear Patti and Staff,

My name is Marcie Ruzas and I have been a customer of Patti's Gymnastics for almost five years. My daughter, Abby, started ballet/tap/gymnastics at the age of two and is now 6 1/2 and is currently enrolled in gymnastics. My son, Sam, who is five, has taken karate and gymnastics and is currently enrolled in the MWF Gym-N-Learn.

At the beginning of the school year I found myself displeased with Sam's preschool and set out a search for the right school for him. In the first five seconds of my phone conversation with Miss Claudia, I knew this would be the perfect preschool for Sam. Since he's been enrolled, I have a preschooler who tears open his book bag when he gets into the car to show me his work, one who sings his color songs, and one who just loves that drive to school in the morning. I have to give a HUGE thanks to the teachers who have dedicated themselves not only to educating the children, but making sure they are having fun as well. As a teacher myself, I am profoundly impressed with the gym-n-learn program and all it entails. It's a tremendous relief to know Sam is truly having a great experience in this pivotal part of his childhood.

I have been coming through Patti's doors at least twice a week and it feels like home every time I'm there. The Staff is incredibly outstanding and probably the most professional, caring group of people I've come into contact with. It is remarkable with all the programs going on during the day, the staff members always have a smile on their face and truly do go out of their way to make your time here memorable. In five years, I've never had one reservation about the skills my children were learning, the dedication to their progress, and the seriousness of their safety.

As a parent, I only want the best experiences for my children and Patti's is, by far, one of those best experiences. Please except this letter as a testimonial of my utmost appreciation to Patti and her staff. You are truly wonderful people and my family thanks you for that.

Have the Happiest of Holidays,

The Ruzas Family  
Chris  
Marcie
